WORK EXPERIENCE

CIMET, Jaipur - *Product Manager* May 2025 - PRESENT

- **Owned the end-to-end 0-to-1 launch of CIMET's Health Insurance comparison and purchase platform** for the Australian market, taking the product from market research and competitive benchmarking through product strategy, requirements, UX, engineering, analytics, GTM, and production launch.
- **Benchmarked 10+ Australian insurers and 40+ health insurance plans** to define product requirements, comparison logic, customer journeys, and differentiation opportunities; **partnered with design, engineering, data, marketing, operations, and compliance to deliver the platform.**
- **Drove early growth traction** within first 4 weeks of launch, generating **8,000+ unique leads** and **converting at ~21% to gross sales**; **established gross sales as the North Star metric** and **built the visit-to-sale conversion dashboard** used for weekly performance reviews
- **Owned optimization of the end-to-end acquisition-to-purchase funnel**, **identifying conversion drop-offs** across landing pages, plan comparison, quote generation, application, and purchase journeys and translating insights into product and UX improvements.
- Leading development of an **AI-powered policy optimization** journey allowing users to upload existing insurance policies to **reduce quote comparison time by 25% and lift quote-to-purchase conversion by 10-15%**, accelerating overall plan selections; the system extracts key policy details with **95%+ field-level accuracy** and generates **personalized recommendations in under 10 seconds**, with a roadmap toward conversational AI and voice agents in later phases.

Gupshup, Gurugram - *Product Manager, Growth* May 2024 - Mar 2025

- Built a **Healthcare Agentic Chatbot** leveraging GPT-4 with multi-agent orchestration for document Q&A, pricing retrieval, and web search. Designed domain-specific guardrails and integrated RAG pipelines with embeddings to ensure factual, compliant responses. Delivered **92% retrieval precision, less than 4s latency**, driving **95% adoption uplift, 20% CSAT gain.**
- Boosted **WhatsApp payment conversion rate by 40%** for a leading insurance broker by **executing A/B tests on payment options**, and leveraging data-driven insights to optimize the experience.

- Led the go-to-market (GTM) strategy for a **Click-To-WhatsApp campaign** for a major 2-wheeler manufacturer. Optimized the bot to reduce acquisition costs, resulting in a **30% decrease in cost per qualified lead.**

Sprinklr, Gurugram - *Product Manager, Product Success* Mar 2021 - May 2024
